

GENERAL EDUCATION

General Education

The mission of Harford Community College's General Education program is to foster the students' development of the core competencies, attitudes, and values necessary to pursue lifelong learning. This foundation is integrated into all the degree programs and academic support areas at HCC. Upon completion of the General Education core requirements, students will possess the skills to acquire and apply knowledge across broad areas of study. In addition, they will be able to demonstrate the skills basic to acquiring knowledge in the behavioral/social sciences, English composition, arts/humanities, mathematics, biological/physical sciences, and interdisciplinary and emerging issues.

Upon completion of the general education core requirements, students will be able to:

- A. Communicate effectively.
- B. Read with comprehension at the college level.
- C. Solve complex problems by using abstract and critical thinking.
- D. Apply the scientific method.
- E. Interpret numerical data.
- F. Determine information needs and strategically search for, critically evaluate, and ethically use information sources.
- G. Illustrate the value of global and/or cultural diversity.
- H. Identify and evaluate the nature and value of the fine, visual and/or performing arts.

General Education Transcript Notations

Courses meeting Harford Community College General Education requirements are automatically noted on the HCC student transcript. The notation, "General Education Program Met" is automatically placed on associate degree graduates' transcripts. Students who have completed the General Education program requirements but have not graduated can request this notation be placed on their transcript by completing a General Education Program Completion Form in the Registration and Records Office.

General Education Requirements

General Education Requirements Completed at Other Institutions

The College recognizes General Education discipline requirements completed at other institutions as equivalent to comparable General Education discipline requirements at Harford Community College. Courses that fulfill English, arts/humanities, mathematics, science (including laboratory science), behavioral and social science, and interdisciplinary and emerging issues core requirements at the sending institution may be used to satisfy General Education requirements at Harford Community College, the receiving institution, so that there is no loss of credit in transfer.

In this catalog, see the **Maryland Higher Education Commission Student Transfer Policies** for the procedure to complete general education requirements at other institutions after enrolling at Harford Community College.

General Education Course Codes

The following codes are used to identify courses that satisfy the General Education Degree Requirements:

GB - Behavioral/Social Science
 GE - English Composition
 GH - Arts/Humanities
 GI - Interdisciplinary and Emerging Issues
 GL - Biological/Physical Laboratory Science
 GM - Mathematics
 GS - Biological/Physical Science

Only courses identified by the General Education course codes will satisfy the General Education requirements. See the General Education Approved Course List for designated general education courses at Harford Community College.

General Education AA, AS, and AAT Degree Requirements

All students must meet specific General Education requirements within their Associate degree programs. To be eligible for the Associate of Arts (AA) degree, the Associate of Science (AS) degree, or the Associate of Arts in Teaching (AAT) degree, students must complete a minimum of 60 credits of college-level work. Of the 60 credits, 28-36 credits must fulfill the College's General Education core requirements. The approved General Education courses appear on the following pages. The distribution of the 28-36 General Education credits must meet the following specifications and may be further prescribed within particular degree programs:

Code	Title	Credits
GH	Arts/Humanities	
Students must complete two courses in Arts/Humanities.		6
GB	Behavioral/Social Science	
Students must complete two courses in Behavioral/Social Science.		6
GL & GS	Biological/Physical Laboratory Science	
Students must complete one of the following:		7-8
one 4-credit science laboratory course (GL) and one 3-credit science course (GS).		
two 4-credit science lab courses (GL) that meet the additional requirements specified by their particular program of study.		
GE	English Composition	
Students must complete this within the first 24 credit hours of study with a final grade of C- or better.		3
GM	Mathematics	
Students must complete one 3-4 credit mathematics course that meets the additional requirements specified by their particular program of study.		3-4
General Education Electives		
Students may choose, according to the requirements specified by their particular program of study, any course(s) from GB, GH, GI, GM or GS on the approved General Education course list to meet this requirement. A maximum of 8 credits from GI Interdisciplinary and Emerging Issues may be used to fulfill General Education Elective credit.		3-9
Total Credits		28-36

General Education AAS Degree Requirements

To be eligible for the Associate of Applied Sciences (AAS) degree, students must complete a minimum of 60 credits of college-level work. Of the 60 credits, a minimum of 18 credits must fulfill the College's General Education core requirements. The approved General Education courses appear on the following pages of this catalog. The distribution of the 18+ General Education core credits must include at least one course from

each of the following categories: GB GE GH GL and GM. The remainder of the required General Education core credits may be selected from any of the approved General Education courses, except where specified by the student's particular program requirements.

Code	Title	Credits
GH	Arts/Humanities	
	Students must complete one 3-credit course according to the specific requirements of their program of study.	3
GB	Behavioral/Social Science	
	Students must complete 3 credits according to the specific requirements of their program of study.	3
GL	Biological/Physical Laboratory Science	
	Students must complete one 4-credit course according to the specific requirements of their program of study.	4
GE	English Composition	
	This requirement must be completed by all students within the first 24 credit hours of study.	3
GM	Mathematics	
	Students must complete one 3-4 credit course according to the specific requirements of their program of study.	3-4
General Education Electives		
	Students may choose, according to the requirements specified by their particular program of study, any courses from GB, GH, GL, GM, or GS on the approved General Education course list to meet this requirement. A maximum of 8 credits from GI Interdisciplinary and Emerging Issues may be used to fulfill General Education Elective credit.	2
Total Credits		18-19

General Education Approved Course List

The following courses can be used to fulfill the General Education requirement for the AA, AS, AAT, and AAS degree.

Arts/Humanities Electives (GH)

Note: For AA, AS, and AAT degrees students must choose two courses.

Code	Title	Credits
ART 121	Introduction to Drawing-Non-Majors (GH)	3
ART 122	Color: Art, Science & Culture (GH)	3
ART 201	History of Art-Ancient and Medieval (GH) (D)	3
ART 202	History of Art-Renaissance to Modern (GH) (D)	3
ART 203	Art and Architecture in the United States (GH)	3
ART 239	Asian Art and Culture (GH)	3
ART 240	Modern Art and Culture (GH)	3
CMST 210	Group Communication and Leadership (GH)	3
DRAM 203	Survey of World Drama (GH) (D)	3
DRAM 204	Survey of Modern Drama (GH) (D)	3
