Program Description

The Photography Certificate is designed to prepare students for employment in the field of photography. This program focuses on the development of skills and competencies in the use of various camera, lighting, and image-processing equipment, and on the development and application of aesthetics and personal style in the creation of photographic images. Certificate holders can expect competition in the job market from Associate of Arts and Bachelor of Arts graduates.

Program Goals

Upon completion of the Certificate in Photography students will be able to:

1. Communicate original content using discipline-specific concepts.
2. Create art and design using multiple specialized techniques and processes.
3. Evaluate art and design with an evolved and informed aesthetic judgment.

Certificate Requirements

Students earning a certificate from HCC must complete or demonstrate exemption from the following courses: ENG 003 Reading and Understanding College Textbooks and ENG 012 Basic Writing, or ENG 018 Integrated Reading and Writing, and MATH 020 Pre-Algebra I. See graduation requirement details in this catalog for further information.
